

22nd June 2026

ASX Announcement
ETHERSTACK PLC [ASX:ESK]
("Etherstack" or the "Company")

North American Equipment Order

Etherstack plc is pleased to advise the group's North American subsidiary, Etherstack Inc., has signed a follow on US\$0.83m deal to supply further digital radio communications technology to a North American channel partner, Daniels Electronics Ltd, a subsidiary of Codan Limited (ASX:CDA).

The latest order follows on from the previous US\$2.3m deal announced in December 2023. The hardware components of the equipment to be supplied are manufactured by Etherstack in Australia.

Etherstack management expects this follow on revenue to be fully recognised in the current financial year ending 31 Dec 2026. Equipment sales of this type typically provide for additional scope for long term support revenues associated with this type of mission critical network communications equipment.

Additionally, management expects the first half revenue (ending 30 June 2026) to meet or exceed the previously provided guidance (28 April 2026). An update will follow post the end of the half year period.

Authorised for release by Adam Hoey, Company Secretary
